

# 2021 Price List

As a co-op business, we feel strongly that all costs to you should be presented in a clear and transparent way. We've broken down our fees below, so you know exactly what you are paying for. Please be aware that some charges may vary slightly, dependent on the ranges, options and third parties selected. Our team will advise you further, based on your choices.

## The Unattended Funeral

This is not a traditional funeral, but rather a direct cremation. There is no change in the level of care, but there will be no service for mourners to attend.

We will collect the deceased during office hours, Monday to Friday – 9am to 5pm (a fee of £200 is payable outside of these hours), provide a simple coffin, and then take them to a crematorium of our choosing in a private ambulance at a day and time of our choice – within 14 days of completion of the necessary paperwork.

Disbursements, such as Doctor and crematorium fees, are included but the full cost of the service must be paid in advance.

## Traditional Burials

Whilst the majority of people now choose a cremation, we can offer a bespoke funeral service based on a churchyard, cemetery or woodland burial. Prices tend to be higher than cremations and can vary significantly depending on your choices and the relevant parish, so please speak to your Family Liaison Officer for a quote tailored to your requirements.
